What is Escola Pia de Catalunya?

Escola Pia is a large religious network, that comprises 22 institutions. We are a network made up of schools, foundations, leisure groups, and communities.

What is Erasmus+ Programme?

It is a project funded by the European Union to facilitate international learning mobility. It supports the mobility of students (for study or work placements), teachers, administrative staff and young people, helping to cover travel and living costs.

The role of the institutions in this process is to organise these opportunities for individuals. The benefits for the organisations include an increased capacity to operate at an international level, improved management skills, access to more opportunities and projects, increased ability to prepare, manage, and follow-up projects, a more attractive portfolio of opportunities for students and staff at participating organisations, the chance to develop innovative projects with partners from around the world.

K1: Learning Mobility of Individuals (Erasmus+)

Mobility for learners and staff in Vocational Education and Training (VET)

Types of Mobility

- From Escola Pia de Catalunya to Abroad:
 - Preparatory visits
 - Mobility for students (work placement in VET schools /companies)
 - Job Shadowing (peer-to-peer learning, schools/companies)

- From Abroad to Escola Pia de Catalunya:
 - Guest Expert (enables Escola Pia de Catalunya to invite trainers, policy experts or other professionals from the EU or third country associated with the Programme)

Length: The duration and types of mobility placements are agreed between both institutions according to Erasmus+ conditions.

Grant: The amount of the grants is set by the Erasmus+ programme. The grant received by participants in our programme is intended to cover the costs of accommodation, living expenses and transport.

In the case of student placements in work experience, companies can consider paying students a stipend if this is within their means.

Documentation: Once the partnership has been established, the relevant documentation is signed by both parties, specifying the duration of the mobility and the academic and professional activities to be carried out by the participants in collaboration with the hosting organisation.

Our VET training centres offer the following specialisms:

- **Intermediate-Level Vocational Training (Grau Mitjà)**
 - Nursing Assistant Care
 - Pharmacy and Parapharmacy
 - Emergency Healthcare Services
 - Administrative Management
 - Outdoor Activities and Leisure Guide
 - Microcomputer Systems and Network
