Make a blend!

Reimagine a positive direction for education !

During the COVID-19 pandemic, shifting rapidly to home schooling and remote learning made it necessary for educators to adapt to new forms of teaching, new technology and new communication methods to support all their students.

It brought new insights for teachers to adapt their way of teaching today, but also to involve the wider community of parents, other family members and local community and organizations in this digital learning context.

On February 28, 2023, during the international online learning event “Make a blend! Reimagine a positive direction for education”, we give insight into the Erasmus KA2 project Rapide and take a
